Objective

Crew on a yacht in the Cape-to-Bahia yacht race.

Sailing History

I started sailing in October 2005 and have been a member of South African Sailing (SAS) since 2006. I am also a member of the J22 class association.

Much of my sailing takes place at the Transvaal Yacht Club (TYC), on the Hartebeespoort Dam. I crew on a J22 "Jaywalker", belonging to Steve Thyse; mostly as the foredeck and midshipman, but I also sometimes take the helm. We take part in all the club racing events, including the club championships and the other racing series. I have also participated in the 2008 J22 Nationals as well as the 2008 D.A.C Inland Keelboat Week in which I crewed for Paul Thompson onboard Alfa Romeo, where we finished 5th overall and 2nd in our class.

The yachts I have sailed on include the following:

- § J22
- § J27
- § L26
- § Stadt23
- § Hunter19
- § Theta27
- § Dean Cat365
- § Holiday23
- § Hobie16
- § Dart18

Future Ambitions

In the near future I would like to develop my racing skills and compete in well known yacht races around the world. I would also like to do lots and lots of ocean sailing. My ultimate dream is to become a professional yacht racer and make a living from what I love to do most...Sail!

Cape to Bahia

This will be a great boost to my sailing career. I am willing to work hard and help to win the race. I am willing to being a paying crew – for my plane ticket back or for other matters such as food (if I don't need a plane ticket and if we sail back).
